ALLOWABLE IMPERIAL ARMOR & APOCALYPSE UNITS

LAST UPDATE: 01.27.2011
(ADDED IMPERIAL ARMOR 10 UNITS)

The following is a list of Imperial Armor & Apocalypse units that can be used at AdeptiCon 2011. Please make sure to check the Event column when choosing particular units for a tournament. The Warhammer 40K Team Tournament **DOES NOT** allow Imperial Armor/Apocalypse Super-Heavy Vehicles, Gargantuan Creatures, Super-Heavy Flyers or Flyers.

In **ALL** cases, only the most current published rules for any particular Imperial Armor / Apocalypse unit will be allowed. Please consult the list below for reference on which publication contains the most current rules for each particular unit. If you plan to use an Imperial Armor / Apocalypse unit in your army, you **MUST** bring a copy of the most current rules for that unit with you to the tournament, with no exceptions. Under no circumstance may you use the older rules for a unit so please double-check the list below to make sure you are using the most current rules.
