

ADEPTICON 2012

LORD OF THE RINGS TEAM TOURNAMENT

Last Update: 02.09.2012

AdeptiCon reserves the right to modify, update, clarify, or change event rules in the interest of making AdeptiCon the best event possible. The release of new books and/or official FAQ documents in the months leading up to the event could require changes to the following rules. No fundamental rules changes will be made after 2/15/2012.

BASIC RULES

- The Lord of the Rings main rulebook will be used. All stats from the main rulebook, subsequent Out of Print supplements (i.e. Gondor in Flames, Harad, Mordor, etc) and White Dwarf magazine (from Issue #344, September 2008 and later) will be used if choosing an Army List from Legions or an Out of Print Legions Supplement (referred to here as "Legions List") OR all stats from the current edition Sourcebooks including Kingdoms of Men, The Free Peoples, The Fallen Realms, Moria and Angmar, and Mordor will be used if you choose an Army List from one of those, current Sourcebooks (referred to here as "Warbands List). Which you use will depend on which army list source you choose to use.
- You must choose which army list source you will use at AdeptiCon. You have two options: 1) You may use the army lists from the Legions of Middle-earth supplement, appropriate supplement or White Dwarf issue (a Legions List) OR 2) you may use the army lists from the current Sourcebooks including Kingdoms of Men, The Free Peoples, The Fallen Realms, Moria and Angmar, and Mordor (Warbands List). Which list source you choose to use must be clearly indicated on ALL army lists (both submitted and during the event) and cannot change during the event.
- Stats for any models will come from the appropriate source based on whether you have chosen a Legions List source OR a Warbands List.
- Stats for any model will only be usable if they have been published at least 60 days prior to the event.
- Named characters (Gandalf, Lurtz, the Witch King, Aragorn, etc) can only be taken once.
- Legions Only: The Spider Queen is considered a named character for AdeptiCon.
- Good Forces cannot include Tom Bombadil or Goldberry.
- Unless indicated otherwise in these rules, if you choose a Legions List you must follow all rules and restrictions found in the Legions of Middle earth supplement OR if you choose a Warbands List you must follow all rules and restrictions found in the current sourcebooks.
- All forces will be limited to a maximum model count of 50 for 350 point forces and 75 for 700 and 1000 point forces.
- Rules and army lists marked as "trial" or "unofficial" will not be allowed.
- All players are expected to abide by the [AdeptiCon Conduct Policy](#).
- The models used in your army must comply with the [AdeptiCon Model Policy](#) (all models **MUST** be WYSIWYG and painted to a 3-color minimum standard). Unpainted models will not be allowed in the tournament.
- All models used must be from The Lord of the Rings Citadel Miniatures range.
- You must bring all the materials you need to play including dice, measuring devices, models and any rules that you need to use. This includes all army list books used and all model stats and/or rules.
- All judges' decisions are final.

TEAM RULES

- Each team will consist of two players who will field an all good or all evil combined force. Each player will bring a 350 point contingent based on the army lists from their chosen source (Legions or Warbands). Both team members **MUST** use the same source for their lists. Each 350 point contingent is formed as a single force following all the restrictions listed in the appropriate list source including (50 models maximum, no duplicates of named characters, 33% bow limit (unless otherwise specified), etc). The 350 point contingent may have allies as described in the source used and these must follow the rules and restrictions for allies as outlined in the chosen books. All allied contingents in the 350 point force must be able to ally with every other contingent in their 350 point force.
- The two player's 350 point forces must be able to combine in a team force of 700 points. This 700 point Team Force must adhere to the restrictions detailed in their chosen sourcebook including 75 model limits for entire force, 33% bow limit (unless specified as different), no duplicate characters, etc. In addition, all contingents in the 700 point force must be able to ally with every other contingent in the final team force.
- The Team must also bring along an additional 300 points that can be combined with their existing 700 point Team Force to form a 1000 point Grand Team Force during the final round. This final 300 point addition is not counted as a separate force so does **NOT** need to adhere to the restrictions in the chosen sourcebook. Only the final 1000 point Grand Team Force must adhere to the normal guidelines in the chosen sourcebook (i.e. 75 model limit, 33% bow limit (unless specified different), no duplicate characters, etc.)

ADEPTICON 2012

LORD OF THE RINGS TEAM TOURNAMENT

- The additional 300 points can be used to either purchase new models or upgrade existing models in the force. Upgrades can include additional wargear or other upgrades to models (i.e. Wraith M/W/F characteristics, Dragon powers, Mumak upgrades, etc.). These points cannot be used to upgrade a named character to a different version (i.e. Boromir to Boromir, Captain of the White Tower). Any points spent earlier on the models will be lost if the upgrades replace the previous version of that models wargear (i.e. replacing a horse with a fell beast will mean you lose the original mount and the points that were spent on it.)
- Teams **MUST** turn in three army lists, one with each of the 350 point forces, one with the 700 point Team Force and one with the 1000 point Grand Team Force. The additional 300 points that is added to make the 1000 point list should be clearly marked on the list to show how these were spent.
- Army lists **MUST** be submitted via email to the tournament organizer no later than 2 weeks before the day of the event (prion2001@yahoo.com). These lists should list the Army List Source used, the number of models of each type, all points for base model cost, options and total for that unit/type. We need to be able to check both the basic points of each model and the gear as well as the total for that group and the total for the army. These lists will not be used for Army Appearance or Theme judging. If players want to create a more "themed" list for display this should be left by their army during the tournament paint judging.

Mandatory Army List Sample Header

Name: John Smith
Army Alignment/Race: Mordor
Army Format: Warbands/Legions
Total Points: 350
Total Models: 18

- **Any errors found in the army lists in use AFTER the tournament begins will result in a 5 point penalty being applied to the players score.**
- Wargear options can only be chosen from those listed in the chosen sourcebook for the army list.
- One hero must be nominated as the Overall Commander of the allied forces during each round and this model should be listed as such on all army lists. This model will be Overall Commander for a chosen round which allows you to choose a different Overall Commander in each round of play. So in round one, each 350 point force will have an Overall Commander. In round two you may select one of the heroes from those initial lists as your new Overall Commander. Again, for round 3, you may choose a new Commander (if you like) to lead the 1000 point force. These Overall Commander choices **MUST** be clearly marked on your army lists and cannot be changed once army lists are submitted.
- Both team members must bring forces of the same type (i.e. both good OR both evil). Any army lists can be used to form these forces as long as they are allowed to ally with each other as outlined in Legions or the appropriate supplement.
- Each team must bring one **objective model** based on a 40mm round base. This model will be used in some games and will be judged as part of the team's force for painting and theme scoring.
- There will be a total of three games during the tournament.
- During round one, players will play separately using their individual 350 point force. In round two, the two 350 point forces will join and play together as a 700 point Team Force. In the final round, the Team will add their final 300 points to their force and play with their 1000 point Grand Team Force.

TOURNAMENT SCORING

Category	Possible Points	% of Total
Battle	100 points	62%
Appearance & Theme	36 points	23%
Sportsmanship	24 points	15%

Type of Victory	Win	Loss
Major Victory	20	3
Minor Victory	15	5
Draw	10	10

Team Battle Points: There are a total of 20 victory points plus 5 bonus points available during each game. This means a team can receive a total of 25 Battle Points for each game (50 total points for round 1, 25 points for round 2 and 25 points for round 3).

Judged Team Appearance and Theme Points: Before the start of game one and between games two and three, the tournament judges will score the Appearance and Theme of the army on a scale of 1-36. Judges will be looking at items such as quality of painting, basing, attention to details, and conversions. For theme, the judges will look at appropriateness of allied forces and whether the forces adhere to the spirit of Tolkien's works. Feel free to develop a unique force but be prepared to explain the background and history of this force. Just being "legal" in terms of the source lists doesn't mean an army will earn a perfect score for theme. Players using the Warbands Lists may find it useful to refer to the Legions supplement and corresponding army supplements for ideas and guides to themed forces.

Team Sportsmanship: At the end of each game, the team will rate the sportsmanship of their opponent team by using a Sportsmanship checklist. Place a checkmark next to each statement that applies to your opponents. Each check is worth 1 point.

Team Sportsmanship (check all that apply)	
<input type="checkbox"/>	Our opponent's army was easy to understand and/or they were helpful in explaining how their army worked.
<input type="checkbox"/>	Our opponents came prepared to play and brought all required items to play (dice, rulers, rulebooks, pens, etc.).

<input type="checkbox"/>	Our opponents put forward a good faith effort to play at a timely pace and complete the game in the allotted time.

<input type="checkbox"/>	We would voluntarily play this team again.
<input type="checkbox"/>	On a scale of 1-10, with 10 being the highest, rate your game. Simply go with your gut and be honest. This score is reflected in your score in 10th of points, for example, a rating of 1 = 0.1 and a rating of 10 = 1.0
