## ALLOWABLE IMPERIAL ARMOR & APOCALYPSE UNITS

LAST UPDATE: 12.17.2012

Revised for 6<sup>th</sup> Edition (through Imperial Armour Vol. 1 – 2<sup>nd</sup> Edition)

The following is a list of Imperial Armor & Apocalypse units that can be used at AdeptiCon 2013. Please make sure to check the Event column when choosing particular units for a tournament.

In **ALL** cases, only the most current published rules for any particular Imperial Armor/Apocalypse unit will be allowed. Please consult the list below for reference on which publication and/or updates contain the most current rules for each particular unit. If you plan to use an Imperial Armor/Apocalypse unit in your army, you **MUST** bring a copy of the most current rules for that unit with you to the tournament, with no exceptions. Under no circumstance may you use the older rules for a unit. **Please pay particular attention to the differences between Imperial Armor Apocalypse, Imperial Armor Apocalypse 2<sup>nd</sup> Edition and Imperial Armor Apocalypse 2.**
