AdeptiCon reserves the right to modify, update, clarify, or change event rules in the interest of making AdeptiCon the best event possible. No fundamental rules changes, other than FAQ updates after a new release, will be made to the event after 2/1/2016.

## BASIC RULES & ARMY COMPOSITION

- Each player's main army will be comprised of 750 points. Armies will be made using the point values using the SDK points values provided at <https://sites.google.com/site/ageofsigmarsdk/sdksystem>. At this time, we feel this is the most adequate representation for a points system in providing limits to Age of Sigmar. As a note, the points costs listed on the Sheets tab are on a per model basis as listed. There is no point cost for upgrades to Standards & Musicians.
- Each player will also create 2 sideboards of up to 250 points. Each player will choose one detachment every game to use with their army, for a total of 2000 points per team. If you are an army that can Summon, you can only summon from your own sideboard that you are not currently using.
- Each Team will nominate one Hero from their combined armies and name them as Team Overlord (this Hero must be part of a main army). This Hero must be the General of their respective army for the entire tournament. This will only be used for Scenario purposes.
- Each player's will consist warscrolls from the same Alliance (Order, Chaos, Death, & Destruction). Models that have a points cost in the SDK system will be allowed unless they are in the unofficial sheet. You cannot have the same Heroes in your army list as your partner does (for instance, you can only have one player take an Empire Battle Wizard, but that player can take multiples of those).
- Main armies must consists of at least 5 total Warscrolls, including Heroes (this does not include units added from the sideboards).
- All Named Warscrolls (Grimgor Ironhide, Kairos Fateweaver, etc.) with the Hero keyword are 0-1. This restriction also applies to Ruglud's Armored Orcs.
- Formations are not allowed.
- All Warscrolls with the Totem keyword are 0-1 per army.
- Armies can take 1-3 Warscrolls with the Hero keyword in their main army and cannot be a total of more than 375 points. Any Warscroll with the Hero and Monster keywords counts as 2 for this limit. You cannot take more than 2 Warscrolls with the Hero keyword of the same name.
- Armies can take up to 2 Warscrolls with the Hero and either Wizard and/or Priest keywords in their Main Armies.
- Armies can take up to 1 Warscroll with the Monster keyword. If a Warscroll has the Monster and Hero keywords then it counts against both the Hero and Monster allotments.
- Armies can take up to 2 Warscrolls with the War Machine keyword. This restriction also applies to Skullcannons of Khorne & Ironblasters.
- Units can have no more than 30 total Wounds each.
- Death armies may not comprise their armies of more than 50% of total points with the following units: Prince Apophas, Tomb Swarms, Tomb Scorpions, Carrion, and Sepulchral Stalkers.
- If units and models have choices of what they can be armed with, this must be clearly indicated on your army list and modeled appropriately. This also applies to choice of Standards for Standard Bearers, instruments for Musicians, and special equipment for your Leaders.
- You may have 1 of each type of command model per unit.
- The Warhammer: Age of Sigmar Rules, the following errata and all relevant [Games Workshop Errata and FAQs](#) will be used.
- All players are expected to abide by the [AdeptiCon Conduct Policy](#).

- The models used in your army must comply with the [AdeптиCon Model Policy](#) (all models **MUST** be WYSIWYG and 3-colors).
- If illegal units or rules violations are found in a player's list, at a minimum, the models in violation will be removed from all subsequent play. Tournament points may be deducted and award eligibility may be forfeited. Please use the feedback form on the [AdeптиCon 2016 website](#) to ask any questions you or your club may have regarding rules issues or legal units in advance!
- AdeптиCon Tournament Judges' and Officers' rulings are final and arguments or poor conduct by players will not be tolerated. AdeптиCon reserves the right to remove players from the event or AdeптиCon itself with no refunds allowed.

## GENERAL RULES ERRATA

- A natural roll of a '1' before any modifiers for a To Hit, To Wound, or Save roll is always a failure.
- Saves cannot be increased beyond a 1+ regardless of additional modifiers (cover, Mystic Shield, etc.).
- Bases cannot overlap for purposes of piling in and making attacks. Attacks are measured from base to base from the attacking model to the target. Base sizes for models should be within reason, but no smaller than the bases the models were supplied with.
- A unit with no more than 20 Wounds worth of models and a single model with the Hero keyword on foot may garrison a building. Monsters cannot garrison buildings.
- You may cast spells on units that are engaged in combat, including enemy units. This also applies to Command Abilities as appropriate. You may also use Command Abilities on friendly units where appropriate.
- If at any time you or your opponent has no models left on the table with no additional units to set up after the game begins, the game is over immediately.
- Mystic Shield cannot be successfully cast on a unit more than once per Hero Phase.
- Each Team may only successfully cast one (1) Summoning Spell per Hero Phase. You can only summon from your own sideboards as indicated below, and not from your partner's.
- Any attack in the Shooting phase that would cross terrain other than fences/walls would also grant cover to the target unit (i.e., shooting at an enemy unit you can see but through a forest.) unless the attack does not require Line of Sight.
- Any models that you would summon must be fully painted to match your army and displayed on your army display for paint judging.
- Age of Sigmar: Glorious Victories, Sudden Death Victories, and Triumph Rules will not be used except where indicated
- All terrain will be predetermined. Before the beginning of the game, randomly determine a Forest to be considered a Sylvaneth Wyldwood.
- For the Team Tournament, when dicing off to determine deployment & Who Goes First? for Battle Rounds after the first, each player on the team rolls a die and adds their result with their partner's.
- Warscrolls from the Grand Alliance Chaos & Death books will be used, a number of these have been updated, please double check your Warscrolls. No new Warscrolls will be allowed if released on or after March 1st, 2016.

## SPECIFIC UNIT ERRATA

- Beastmen Bray-Shaman's casting Savage Dominion can only summon Monsters and cannot contain the Hero keyword. Savage Dominion cannot be cast again by that Wizard until the Monster that was summoned dies.
- Kairos Fateweaver's Oracle of Eternity ability will now read: "Once per game, you can change the result of a single die roll to the result of your choosing. This must be a legal result on a D6 (1, 2, 3, 4, 5, or 6)."
- Karanak's Call of the Hunt ability counts as a successful Summoning, and you cannot summon another unit after it is used that turn.
- Empire Battle Wizards must declare which Lore they are taking on their army list.
- Engine of the Gods: The new units summoned by this model's Cosmic Engine must adhere to the Summoning Rules provided, as well as no more than 40 total Wounds per unit summoned. The units you can summon must be listed in your Summoning Pool (see above). This counts as your one successful summoning for the turn.
- Varanguard: The special abilities that this unit gains from having Archaon in the army applies to both Archaon, the Everchosen and Archaon, Exalted Grand Marshall of the Apocalypse. Remember armies cannot have both versions of Archaon in the same list.
- Morbidex Twiceborn: Lord of the Nurglings special ability if used to summon a new unit of Nurglings counts as your successful summon for the turn. If it is used to add to a unit, then it does not count as a summon, but must still be included in your Summoning List.
- Durthu: The Sylvaneth Wyldwood summoned by this model's Command Ability cannot exceed more than 2 Citadel Forest size pieces per use, and cannot exceed more than 6 total pieces per game. These Wyldwoods must also be painted to match your army and displayed with it as if it were models to be summoned.
- Morghor, the Master of Skulls/Tzeenetch Sorcerer Lord/Kairos Fateweaver/Mutalith Vortex Beasts: Their ability to set up new units of Spawn as a result of abilities do not count as a Summoning.

## SUMMONING NEW UNITS

- Models with the Hero keyword cannot be summoned by means of any Spell or Command Ability.
- Units summoned cannot do anything until their controlling player's next Hero Phase.
- If a summoned unit dies, it is returned to your unused detachment to be re-summoned later in the game.

## ACTING OUT

A number of Warscrolls have "flavor requirements" for the ability to be used. These requirements generally involve acting out or engaging in staring contests for example. Players may use the flavor requirements in the Warscrolls as written, or may instead use these provided alternatives. Players must choose before using the ability. The exception is Greasus Goldtooth, who must use the rules as written on his Warscroll.

- **Wargor Standard Bearer (Beastmen):** *Braying Warcry:* "Add one to all To Hit rolls made by this model."
- **Grail Knights (Bretonnia):** *The Grail Vow:* "You can re-roll all failed To Hit rolls made by this unit."
- **Great Unclean One (Demons):** *Grandfather's Joy:* "If a Great Unclean One uses this ability, then whenever you roll a 7 for a Nurgle Daemon unit in your next charge phase, that unit can make 1 extra attack with each of its melee weapons in the following combat phase."
- **Soul Grinder (Demons):** *Caught by the Claw:* "Each time a Hellforged Claw attack hits a Hero or a Monster, roll a D6. On a 6+, the model grabbed by the claw suffers 6 mortal wounds instead of resolving the damage normally."

- **Bloodwrack Medusae & Bloodwrack Shrine (Dark Elves):** *Bloodwrack Stare:* "When making a Bloodwrack Stare attack, pick a visible unit within range and roll a dice for each model in that unit; for each roll of 6 or more that unit suffers a mortal wound as they foolishly meet the Medusa's deadly gaze. Before rolling, roll a D6. On a 4+, the unit suffers a mortal wound on a roll of a 5 or 6 instead."
- **Kraggi (Dwarfs):** *Enthusiastic Young Assistant:* "Kraggi is an apprentice Runesmith who has barely been smithing a century, but his youthfulness makes him very eager. Kraggi can attempt to unbind one spell in the enemy hero phase as if he were a wizard. If you fail the unbinding attempt you can re-roll the unbinding attempt."
- **Thane Battle Standard Bearer (Dwarfs):** *Honour of the Clan:* "It is a Thane's duty to uphold the honour of his clan, and his fighting prowess is as deadly as his beard is magnificent. You can re-roll any failed hit rolls when attacking."
- **Longbeards (Dwarfs):** *Old Grumblers:* "In your hero phase, this unit of Longbeards will join in and you can pick one of the grumblings listed below. The effects last until your next hero phase...."
- **Kurt Helborg (Empire):** *Pride of the Reiksguard:* "Helborg's skill is as legendary as his moustache is magnificent. You can re-roll any failed hit rolls when attacking with the Runefang."
- **Marius Leitdorf (Empire):** *The Mad Count:* "Marius Leitdorf is an exceptional swordsman, even if he is totally insane. You can re-roll failed hit rolls for the Averland Runefang until your next hero phase. During your hero phase, you can roll a D6. If you roll a 4+, you can re-roll failed wound rolls as well."
- **WAAAGH! Musician (Orcs & Goblins):** *Waaagh! Musician:* "Models in this unit may be Waaagh! Drummers/Hornblowers/etc. You can add 2 to the charge rolls of a unit that includes any Waaagh! Musician."
- **Settra the Imperishable (Tomb Kings):** *And He Did Say 'War', and the World Did Tremble...:* "If Settra the Imperishable uses this ability, then until your next hero phase you can add 1 to all hit rolls for Death units in your army that are within 18" of Settra in the combat phase. If a Deathrattle unit is affected by this ability, you can also add 1 to their wound rolls in the combat phase."
- **Nagash (Vampire Counts):** *Hand of Dust:* "It is said that the touch of Nagash can wither and age any mortal, turning them to little more than a pile of dusty bones in mere moments. Hand of Dust has a casting value of 8. If successfully cast, pick an enemy model within 3" and roll a D6. On a 4+, the model is turned to dust and is slain!"
- **Konrad von Carstein (Vampire Counts):** *One Bat Short of a Belfry:* "Konrad is a violent lunatic, and his temper does little to help his stretched sanity. You can re-roll all hit rolls of 1 for him. During your hero phase, you can roll a D6. If you roll a 4+, re-roll all failed hit rolls instead."
- **Wulfrik (Warriors of Chaos):** *The Gift of Tongues:* "At the start of the combat phase, Wulfrik can issue an indelicate challenge in his foe's tongue if there is an enemy Hero within 3". If he does so, you can re-roll failed hit rolls for any attacks he makes this phase against enemy Heroes."
- **Sigvald (Warriors of Chaos):** *Supreme Vanity:* "Sigvald is narcissism personified, unable to go more than a few moments without seeking a mirrored surface. When Sigvald is attacked, you can re-roll failed save rolls for Sigvald. However, if the result of any of these re-rolls is 1, Sigvald becomes entranced by his own perfection, and cannot pile in or make attacks for the rest of the phase."
