MALIFAUH HENCHMAN HARDCORE

EVENT DATE: 03.22.2018

LAST UPDATE: 01.30.2018 (in RED)

AdeptiCon reserves the right to modify, update, clarify, or change event rules in the interest of making AdeptiCon the best event possible. No fundamental rules changes will be made to the event after 2/1/2018.

GENERAL RULES

- The Malifaux Henchman Hardcore will be run using **ALL** of the following:
 - The rules presented in the Malifaux 2.0 book
 - The most recent Errata and FAQs
 - [The M2E Gaining Ground 2018 Tournament Packet](#) with the following changes/additions superseding rules presented in the Gaining Ground 2018 Tournament Packet.
- **This event will use the [Best Coast Pairings](#) app. Each player must have the app.**
- Proxies are allowed at this event for models that are not available readily before **FEBRUARY 28, 2018**. The official cards must be used. Photocopies/prints are allowed. However, we always recommend people use the Print on Demand Service from [WargameVault.com](#). All Proxies and Conversions **MUST BE** approved by the Tournament Organizer **BEFORE FEBRUARY 28, 2018. NO PROXIES WILL BE APPROVED AFTER FEBRUARY 28, 2018**. When planning your proxy, think to yourself *"If I put this model in front of someone who plays Malifaux often would they know what it represents without me saying anything?"* If so, it will likely be approved. If not, it will likely not be approved. Send photos of your proxy to adepticonsean@gmail.com for approval.
- You must have the latest official printed upgrade card for each upgrade that you want to place on a model different than the model the upgrades started on. For Errata cards that have not made it into the Arsenal Decks or Print on Demand Service, this means a printout of the Errata card from the [Resources Section](#) of the Wyrd website. The tournament staff will not be able to provide printouts. So, don't leave home without them.
- The recommended system for marking wounds and conditions is as follows
 - Every attempt should be made to keep the table clean so as to avoid confusion in the eventuality a judge needs to make a ruling. In an effort to assist this, we recommend that each player pick **ONE** type of counter to be used on the table if necessary to mark conditions or that the model has activated.
 - If a die is desired to be used to mark wounds, let your opponent know at the start of the game. Use the format of marking wound TAKEN on the dice for consistency. So, if a model has taken no wounds, there should not be a die by it. D6's only.
 - If using dice for wounds and conditions, they must be of differing colors and easily discernable by your opponent and the judges. Also, inform your opponent which is which before the game.
- All players are expected to abide by the [AdeptiCon Conduct Policy](#).
- The models used in your army must comply with the [AdeptiCon Model Policy](#). All Models must be fully painted (3 color standard) and based with the following exception; any non-Grey plastics produced by Wyrd such as translucent models for example. Any standard Grey plastic models or pre-plastic metal models that do not show at least some effort was made to conform to the 3 color standard can cause those models to be disqualified from use within the tournament. The Tournament Organizer will make the final determination if a player's models have complied with this event policy should models be called into question.
- If illegal units or rules violations are found in a player's list, at a minimum, the models in violation will be removed from all subsequent play. Tournament points may be deducted and award eligibility may be forfeited. Please use the feedback form on the [AdeptiCon 2018 website](#) to ask any questions you or your club may have regarding rules issues or legal units in advance!
