COMMANDERS

Since it is possible to field a Combat Patrol army without purchasing an HQ choice, your army might be left without an obvious commander. In this case, your commander would be the most senior ranking model in your army. If two models qualify for this position due to equal rank, then the player may choose which one is considered the army's commander. This model is considered to issue orders may confer its Leadership bonus to friendly units.

SCENARIOS & SCORING

There are four scenarios that will be used during the tournament. There will be a total of 30 Battle Points in each scenario. These Battle Points will come from a combination of mission objectives (usually 2 or 3) and tactical bonuses.

Players will earn points towards their overall score as follows:

Category	Possible Points	%
Battle	120 points	56%
Appearance	48 points	22%
Sportsmanship	48 points	22%
Favorites Votes	Used as tiebreakers	n/a

BEWARE ODDITIES

When you play Combat Patrol, it's important to remember that these games approach Warhammer 40,000 in a way that was not originally conceived by the designers. This means odd stuff will crop up which you need to sort out 'on the fly'. The best way to resolve these issues is to ask yourself the following:

1. Is there any existing Warhammer 40,000 rule you can use as a precedent?
2. What is the most reasonable thing that would happen in this situation?
3. What are the two most likely outcomes and then roll a D6: 1-3 = Go with solution 1; 4-6 = Go with solution 2.
4. If all else fails, ask a judge, however, the judge's decision is final.
