## FORGE WORLD SPACE MARINE CHAPTER TACTICS FOR SIXTH EDITION WARHAMMER 40,000

Several Space Marine Chapters covered in the Imperial Armour books received additional Chapter Tactics rules in the [Forge World Space Marine Chapter Tactics for Sixth Edition Warhammer 40,000](#) document from Forge World. These Chapter Tactics are available in addition to those presented in Codex: Space Marine and follow all the rules and restrictions therein. All models in a detachment that chooses to utilize one of these special Chapter Tactics should be modeled appropriately.

### WHERE ARE ALL THE BIG TOYS?! WHERE IS THAT ONE UNIT?

The list you are currently perusing only covers AdeptiCon's version of Warhammer 40K approved units. Super Heavy Vehicles, Super Heavy Flyers, Super Heavy Walkers, and Massive Fortifications can be found in the [AdeptiCon 2014 Approved Lords of War Units document](#). These lists were separated to cut down on unit confusion since only one event at AdeptiCon 2014 (Warhammer 40K Exterminatus) allows for a Lord of War detachment.

Over the course of assembling this document, we were forced to abandon a small number of units due to a lack of current/updated rules or the fact that those units had been replaced by a newer unit in a revised book.
