  - **1-3** Total Detachments chosen from Combined Arms Detachments, Allied Detachments, Codex Detachments or Formations.
  - **Detachments consisting of multiple Formations may include duplicate Formations, the complete detachment counts as one detachment towards the limit.** For example, you may include 2 Demi-companies in a single Gladius Detachment, but it counts as one of your detachments.
- Players **MUST** use the same army list throughout the tournament.
- Codices, Codex Supplements and Warhammer 40K Campaign Supplements that are released prior to March 11th, 2017 will be allowed in this event. **Forge World army lists and units supported only by PDF (including Experimental Units) are allowed in this event. The Gathering Storm 'Cadia' book(s) are allowed as printed without restrictions.**
- Apocalypse War Zone supplements, Apocalypse Formations, **the Tau KX139 Ta'unar Supremacy Armour unit, the Imperial Space Marine** and material from Horus Heresy books **WILL NOT** be allowed in this event.

Each army may only contain a maximum of one (1) Fortification regardless of how many might be available from various Detachments.
- Lords of War are allowed in this event. Players may spend a maximum of 700 points on Lords of War; there is no restriction on the number of Lords of War that may be included provided the sum total is 700 points or less.

In **ALL** cases, only the most recently published rules for any particular unit will be allowed. A complete list of allowable units and rules locations can be found in the [AdeptiCon 2017 Warhammer 40K Approved Imperial Armour Units](#) document. Note, some of the allowable units draw their most recent rules from the Apocalypse rulebook, these are noted exceptions to the general exclusion of the book. **Forge World units supported only by PDF (including Experimental Rules) are allowed in this event, however the Tau KX139 Ta'unar Supremacy Armour unit is NOT allowed.**
- A printed army list is required for the judges and each of your opponents (minimum of 6 copies required). - All players are expected to abide by the [AdeptiCon Conduct Policy](#).
- Your models must comply with the [AdeptiCon Model Policy](#) (all models **MUST** be WYSIWYG and 3-colors).
- If illegal units or rules violations are found in a player's list, at a minimum, the models in violation will be removed from all subsequent play. Tournament points may be deducted and award eligibility may be forfeited. Please use the feedback form on the [AdeptiCon 2017 website](#) to ask any questions you or your club may have regarding rules issues or legal units in advance!

## GAMES

- All players will play three 2 hour and 45 minute games
- In order to keep the tournament running on schedule, several warnings will be issued as time runs out. Players should continue to start new game/player turns until the final five (5) minute warning (2 hours and 40 minutes into the game). After the five (5) minute warning has been announced, NO additional game turns shall be started – there will be no exceptions! If the current game turn has not been completed when 2 hours and 45 minutes have expired, the game will be afforded a grace period in order to finish out the current game turn. This grace period will extend into the break periods and should be reconciled as quickly as possible. The judges reserve the right to end any game that is taking too long to resolve.
- All missions will use the Variable Game Length, Reserves, Night Fighting, Mysterious Objective, Through Attrition Victory and Impending Doom rules.
- The First Blood, Slay the Warlord and Line Breaker Secondary Missions are in effect and worth 1 Victory Point each.
- All objectives will generate Victory Points that combine with Victory Points earned from other sources (First Blood, Slay the Warlord, Through Attrition Victory etc.). The difference in Victory Points will be used to calculate Battle Points at the end of the game.
- Pairings for the first game will be randomly determined. Subsequent games will be seeded by Battle Points first, then by Battle Record and then randomly within those divisions.

## TACTICAL OBJECTIVE DECKS

- Players will build a 21 card 'hand' out of 36 cards from one of the following decks:
  - AdeptiCon Tactical Objective Deck (the 18 cards numbered 11-36 and the 18 RED/BROWN cards numbered 41-66; NOT the black cards numbered 41-66)
    - *Note: Every player will be provided with an AdeptiCon Tactical Objective Deck*
  - Games Workshop Tactical Objective Deck (Generic)
  - Games Workshop Faction-Specific Tactical Objective Deck
- Players must use the **SAME DECK** throughout the tournament (must be noted on Army List).
- When building your hand, you **MAY NOT** choose a card that is automatically impossible to score. If you do so, that card, when revealed, is immediately discarded, unscored.
  - *Example: If your opponent has no flyers, you may not choose a card that directs you to destroy a flyer.*
- Remember: 'Bonus' Cards that are worth X+Y VP (e.g. D3+1-3, etc.) **CANNOT BE SCORED ON GAME TURN ONE**. While you may include them in your deck, **DO NOT** choose them for your Turn One objectives, as they will be discarded immediately, unscored.

### SCORING

#### SCORING SUMMARY

- **Battle Points:** Earned by achieving Tactical Objectives. Max 90 points.
- **Sportsmanship:** Special (see below). Max 15 points.
- **Appearance:** Judge scored (see below). Max 25 points.

#### ++ BATTLE POINTS, BATTLE RECORD AND STRENGTH OF SCHEDULE ++

**Battle Points:** Battle Points are a cumulative total of all mission results throughout the entire tournament and will be used when seeding subsequent games. When a scenario ends in a Standard Victory each player must add up the Victory Points they accumulated during the round from completing Tactical Objectives and use them to calculate a Battle Points. Players calculate their Battle Points according to the following formula:

$$\text{Your Battle Points} = \text{Your Victory Points} - \text{Opponent's Victory Points} + 15$$

(Maximum = 30 Battle Points, Minimum = 0 Battle Points)

- *Example 1: Billy scored 10 Victory Points. His opponent Jim scored 5 Victory Points. Billy's Battle Points score for the round is 20 (10-5+15) and Jim's is 10 (5-10+15).*
- *Example 2: Billy scored 40 Victory Points. His opponent Jim scored 5 Victory Points. Billy's Battle Points score for the round is 30 (40-5+15, maximum of 30) and Jim's is 0 (5-40+15, minimum of 0).*

Note: In order to earn the full 30 possible Battle Points from a Standard Victory, you must earn at least 15 more Victory Points than their opponent.

**Battle Record:** Your Battle Record is a value representing your overall Win-Loss-Draw record, regardless of Battle Points earned (Win = 10 points, Draw = 5 points, Loss = 0 points). A player's Battle Record will be used for seeding subsequent games and breaking ties.

**Strength of Schedule:** A player's Strength of Schedule is calculated by adding together the total Battle Points gained by all of his opponents over the course of the entire tournament. Strength of Schedule will be used as a final tie breaker in all applicable award categories.

**Wipeouts and Conceding:** If one player concedes the battle or is tabled (has no models on the table at the end of a game turn), the winning player automatically receives 30 Battle Points and the losing player receives 0 Battle Points.

### ++ TACTICAL OBJECTIVE CARD SCORING ++

- You **MAY ONLY** score each card during the turn in which it is revealed (face-up). A player's Tactical Objectives are scored at the end of his/her Player Turn. Unscored cards are discarded.
- Cards that are worth D3 Victory Points are worth 2 Victory Points.
- Cards that are worth D3+3 VP are worth 5 Victory Points.
- 'Bonus' Cards that are worth X+Y Victory Points (e.g. D3+1, D3+2, D3+3, etc.) **CAN NOT BE SCORED ON GAME TURN ONE**. Bonus Cards revealed on Game Turn One are immediately discarded.
- If you draw a card that is impossible to score due to your deficiencies (your Warlord has already been slain, no characters remaining in your army, etc.), you may **NOT** redraw. Instead, you may score one such card per turn by completing the following, substitute objective:
  - *At the end of your Player Turn, score 1 Victory Point if you control more objectives than your opponent*
- If you draw a card that is impossible to score due to your opponent's deficiencies (opponent's Warlord has already been slain, no characters remaining in opponent's army, etc.), you automatically score that card for its base value.
- Codex/Warlord Trait/Formation means of generating additional Victory Points will be active, and as written (e.g. Scalpel Squadron scoring First Blood will generate two (2) Victory Points).
- The Tactical Warlord Trait table is not valid for this event. Additionally, any other abilities, powers, relics or wargear that allow for the manipulation of Tactical Objective cards (e.g. allowing re-draws, forcing discards, etc.) are ignored if randomly generated (re-roll) or ignored if static.

### ++ SPORTSMANSHIP MARKS ++

After each qualifier game, you will be required to evaluate your opponent's sportsmanship. Secretly choose one of the following marks:

	<b>Fantastically Brilliant Game!</b> Reserved for the truly special games of Warhammer. Your opponent went well beyond the call of duty, was incredibly sporting and honestly made additional effort of provide a fantastic game. This is just the type of person you would want in your local gaming club and someone you would consider casting your Favorite Opponent vote for. Positive marks are worth five (5) Sportsmanship points.
	<b>Perfectly Decent Game of Warhammer.</b> This should encompass a majority of your marks. This covers most normal games of Warhammer. Your opponent was relatively sporting, came prepared to play and put forth a good effort to amicably resolve rules disputes. Average marks are worth three (3) Sportsmanship points.
	<b>Just A Terribly Awful Game!</b> While difficult to describe, these games are bound to happen. Reserved for the worst of the worst, you should only 'award' this mark in the direst of circumstances. This mark should be an evaluative negative on your opponent's sportsmanship only and should <b>NEVER</b> be a reflection on the final results of the game. Negative marks are worth zero (0) Sportsmanship points.

**Judge's Marks:** The Head Rules Judge may assign additional negative sportsmanship marks throughout the tournament. These marks are in addition to those you receive from your opponents and will count towards disqualification.

*Additionally: players who negligently give out a large number of positive or negative sportsmanship marks will have them called into question by the judges and will be required to explain their marks.* The judges reserve the right to nullify any sportsmanship marks that they deem were not awarded in the spirit of the system outlined above.

**Disqualification:** Players who receive 2 or more negative sportsmanship marks will be disqualified from the event and will no longer be eligible to receive any awards.
