Army Construction

The team event allows you and your partner to bring two diverse armies together for a common cause. The two selections must be a legal **25pt*** or less list from two different **Factions**. (No Tully and Umber as they are both **Stark Factions**) Armies must be legal to be used and consist of units and unit cards which are available as of 3/11/2023. Pre-releases, sneak peaks and Hand of the King models (Mountain that Rides) may be included in your army if they have valid rules in War Council.

**** Lend me A point: If one faction is less than 25, the other may be 26. (One point only regardless of how short of 25 the faction is.***

Each of your two armies must have a Commander and may have NCUs. No NCU or named attachment may be duplicated. If your partner is from the Neutral Faction, you may not have any Neutral units. If neither army is the Neutral Faction then both armies may have neutral units as long as both have 50% or less of their points coming from Neutral units. Only cards from commanders in play may be used.

Legal Factions:

Stark

Lannister

Night's Watch

Free Folk

Neutral

Baratheon

Targaryen

Greyjoy

Martell

Tactics Deck

Each of the commanders brings one copy of each of the 7 faction and 3 Commander unique cards they would use in a standard list. Place both commanders 10 tactic cards into common sleeves so there is no visible difference. This will be the tactics deck your combined army will use.

You must provide a copy of your lists during registration and to your opponents for the event at Adepticon. If an error is found, you must remediate it immediately. Your lists must be in a standardized format with Unit Names, Point Values and Attachments noted. If your list is considered unclear at Registration, you will be asked to fill out the form on the last page of this packet. It is considered good form to print copies of your list for your opponents to keep. Using a list different than the one shared with your opponent will cause a Loss.

Model Use

Armies must be legal to be used and consist of units and unit cards which are available as of **3/11/2023**. Pre-releases, sneak-peaks, and Hand of the King models with rules available on War Council, ASOIAFBuilder, and the CMON Site, ***may be included in your army.***

Painting and Presentation

Adepticon encourages the full Hobby experience. Painting is not mandatory but encouraged. Be proud of your work. Display boards are encouraged, but should not exceed 30"w x 30"d x 30"h In the event of an accident, Adepticon does have a Mini-Medic station in the main hallway.

Gaming Etiquette

Please be on time for your game. Failure to be at your table at the start of play can result in a 1-5 Secondary Point deduction. We know Adepticon is huge, and things happen, but please be courteous.

Ensure your cards are in protective sleeves. Please discuss your dice habits, i.e. I pick up my misses or hits, and discuss how you wish to judge cocked, dropped or dice on terrain or trays.

Be aware of the gamers around you and folks in the aisles. Please be careful with food and beverages you bring into the venue if allowed at the time of the tournament.

You and your partner must both be present to play your round. One of you must be there for the opponent round. Be courteous to your opponents.

Game Modes:

Game Modes will be specified with the posting of table assignments for each round. Be prepared for any Game Mode specified in the Game Mode 2021 pdf.

Pregame per Tournament Guidelines

Once you and your opponents are at your table, simultaneously hand a copy of your lists to your opponents and alternate asking questions. Select and deploy terrain followed by objectives and side selection, per the Game Mode. In scenarios with an objective 6" from the side edge, in the team tourney, this distance will be 12". Deploy your armies per the Game Mode. Once setup is complete, shuffle your deck in front of your opponent. Count out your deck face down in front of you to prove you have 20 tactics cards. Cut your opponent's deck (If you choose to do so) after they have done the same. Best of luck to you both.

Adepticon CMON Tournament Scoring Method

For this Tourney, the basis of scoring will follow the current ***Tournament Guidelines document (v1.6) [Tournament Points, Secondary Points, Unit Points (Total Points of Destroyed Units)]*** Please refer to those documents specifically. As Adepticon is founded on Sportsmanship and the Hobby in general, we are layering those scoring elements on top. Per the ***Game Mode*** specified, the Game ends at the end of the *Round* when one of the opponents reaches 12 Coins (VP). At the end of the *Round*, the player with the most Coins is the Victor. *If either player has met or exceeded the Level of Victory, the player with the highest Victory point total is awarded the victory. If the comparison is a Draw, and it is not the end of Round 6 and 'No New Rounds' has not been called, you may request from a judge to continue and play another round.* If the judge rules there is too little time to continue, please count up the unit cost of all units destroyed and compare. Draws are meant to be rare but may happen.

Sportsmanship:

Adepticon encourages the highest levels of sportsmanship of its attendees. (See the Adepticon Code of Conduct) We do wish to recognize those players who go out of their way to ensure the experience is positive for all. We utilize a simple checklist on the scoring sheet.

Examples of checklist items include:

- My opponents and we were able to start at the specified start time.
- My opponents played in a fair and consistent manner
- My opponents clearly explained any rules I was unfamiliar with
- We had no disagreements with our opponents on measuring or dice handling
- We would enjoy playing these **opponents** again
- This team was outstanding

On the final scoring sheet, we would like you to specify which opponent was your favorite to play.

Appearance: (Distributed during the Pregame of the round)

To be clear, you do not have to have a painted army to play in the team tourney.

Adepticon encourages the full Hobby experience. Painting is not mandatory but encouraged. A simple checklist is on the painting sheet for you to note your opponent's army.

An example of the checklist items are:

All models have paint on them

All models have at least 3 colors on them

All models have been based in a consistent manner for the unit.

The unit basing matches the movement tray basing.

The army has a consistent color theme and basing.

The army contains advanced painting techniques

The army is spectacular.

The Painting Checklist will be distributed by Judges during the Pregame of each round.

If time allows, we encourage all players to display their armies between Games. There is a spot on the final scoring sheet in your packet for marking your favorite army.

Terrain

Choose 1 player by die roll or mutual agreement. That player rolls the d3+2 per the Randomized Pool rules on Pg26 of the Rulebook. Players alternate rolling 2d6 and consulting the Randomized Pool table. ***No terrain piece may be represented more than twice. If a piece would be a 3rd of that type, the player may select the terrain from that available at the table as long as it is not a 3rd piece of a terrain type placed.*** After you determine all pieces, alternate placing the terrain piece on the board, no closer than Short Range from another terrain piece. Terrain may be placed in a deployment zone, but no closer than Short Range to a Player edge.

Game Modes: Expect *any* of them!
