

TOURNAMENT UPDATE

AdeptiCon returns in 2006 to the Chicagoland Schaumburg Marriott on March 24-26! This year our tournament lineup has expanded to three 40K and three Fantasy Tournaments.

These aren't your average Rogue Trader or Grand Tournaments – each event features challenging AdeptiCon missions, uniquely themed tables and terrain, and sponsor-donated prize support.

Friday (March 24th, 2006)

Warhammer 40K Gladiator Tournament

Fire up the Warhound, spawn the Heirodule, and call in the Thunderhawk. The 40K Gladiator returns, and players will bring 2000 points of rolling, crushing, rending, and blasting to the tabletop. Painted armies and good sportsmanship are essential, but only achieving the mission objectives earns you positive points towards victory.

Warhammer Fantasy Escalation Tournament

An AdeptiCon signature event, the Fantasy Escalation Tournament tests players in unique and challenging ways. The point limits increase each round, from 500 point warbands in round one to massive 3000 point armies in round four. Players will have to demonstrate tactical prowess at all levels, good sportsmanship, and solid painting skills.

TOURNAMENT UPDATE

Saturday (March 25th, 2006)

Warhammer 40K National Team Tournament

The signature event returns and 4-person teams will compete in all aspects of the hobby for the right to be declared AdeptiCon 40K National Team Tourney Champions. Each team brings 4 1000-point armies using a special force organization chart, and four rounds of play will determine the victors.

Warhammer Fantasy Championships

The Warhammer Fantasy Championships features four rounds of battle at 2150 points. Compete with some of the finest square-basers around for the title of Best Overall, Best Sportsman, Best Army, Best Appearance, Best General, and Player's Choice.

Sunday (March 26th, 2006)

Warhammer 40K Championships

Experience an AdeptiCon twist on an old classic, as players bring 1850 points of their chosen army to face off in heated competition. Battle, sportsmanship, appearance, theme, and selection all play their part in selecting the winner of this event.

Warhammer Fantasy Team Tournament

Another AdeptiCon signature event, two player teams will each bring two 1000-point armies to the tabletop. Three scenarios will challenge the tactical acumen of each team, and all aspects of the hobby will play their part in determining who will be named Champion of the AdeptiCon 2006 Fantasy Team Tournament
